

**JCQ 209 (Jan) 1:0****Seminar*****Coordinator: Pratap Vishnoi***

This one-credit course provides the opportunity for students to give scientific talks based on any research papers of their choice in front of a scientific audience. The students can choose the research papers in consultation with their research supervisors and have to submit the abstracts (~ 300 words). The duration of the talk is about 30 minutes including discussion. The presentations will be evaluated based on the quality of the presentation, chemical aspect, and discussions.
