

JCQ 209 (Aug for Int PhD/ Jan for MSc) (1-0-0)**Seminar*****Coordinator: Pratap Vishnoi***

This one-credit course provides the opportunity for students to give scientific talks based on any research papers or research topic of their choice in front of a scientific audience. The students can choose the research papers or topics in consultation with their research supervisors and have to submit the abstracts (~ 300 words). The duration of the talk is about 30 minutes in the case of paper seminar (MSc) and 45 minutes in the case of topic seminar (Int PhD) including discussion. The presentations will be evaluated based on the quality of the presentation, chemical aspect, and discussions.
