Dissemination: African-German Scientific Exchange in the Field of Public Health

From : Regional Partners <regionalpartners@twas.org> Fri, Sep 03, 2021 02:11 PM**Subject :** Dissemination: African-German Scientific Exchange in the Field of Public Health**Cc :** Max Paoli <mpaoli@twas.org>, Sena Galazzi <sgalazzi@twas.org>

Dear Regional Partners,

May we kindly ask you to disseminate in your region and via your networks.

Many thanks.

Best regards,

Cristina

TWAS Regional Partners office

"African-German Scientific Exchange in the Field of Public Health".

*The initiative invites **researchers from all over sub-Saharan Africa and Germany** to engage in a scientific exchange in the field of public health. **Submitted posters** will provide opportunities for researchers to learn about their colleagues' research interests, expertise and ideas for joint projects on a networking platform and to connect with each other where there is potential for synergy.*

*A subsequent call for **DFG proposals for funding of the Initiation of International Collaboration** will allow the African-German research teams to establish their newly formed networks and work intensively on the development of joint research projects. This integrated roadmap will be enriched by a **Status Workshop**, which will invite successful project teams to Bonn/Germany in March 2023 to present their results and exchange experiences.*

*Posters in English or French can still be submitted **until 30 September 2021** on the following registration page: <https://events-dfg.aloom.de/african-german-exchange2021>*
